CONSTRUCTION NOTICE

Road construction is scheduled to begin shortly in your neighborhood. We understand the impact road work has on our residents and want to stay in constant communication with you throughout the duration of the project.

An estimated completion date for your project can be found at cityofnovi.org/BetterRoadsAhead.

*The date is subject to change based on weather and other unforeseen factors.*

HOW YOU CAN HELP?

▶ Turn off and mark locations of sprinkler systems and any other private utilities.
▶ Do not park on the street or in the drives on the side of the street being worked on.
▶ Bring your trash & recycle cart to the curb and it will be picked up and returned.
▶ Residents, especially children, should refrain from entering, walking or playing around the work zone.
▶ Residents should expect piles of material and equipment parked on their street or adjacent streets that are not being worked on.
STAY INFORMED
